

MAGNUM HOTNECK MONOBLOC

MAGNUM Hotneck
monobloc mechanical
Tapping Tee for hot
tapping of water
pipes

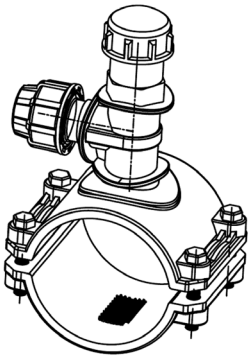

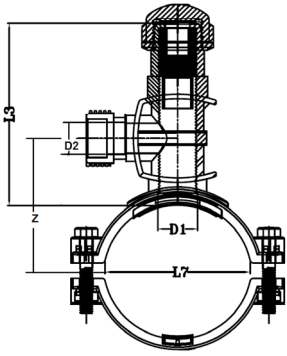

- Suitable for PEHD and PVC pressure pipes
- Integrated cutter in stainless steel grade 304 / A2
- Suitable for installation on PN16 pipes
- Flat gasket for increased sealing surface
- Anti-rotation system

MAGNUM

HOTNECK MONOBLOC

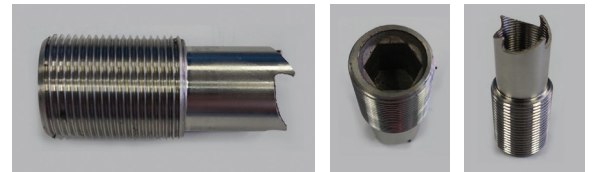

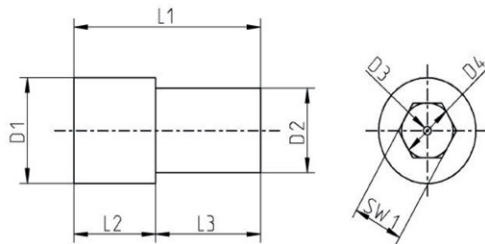

Hot Tapping Tee

- Clamp saddle made from PP-B to ISO13460-AS / NZS4129
- Compression fitting outlet acc. to ISO 17885:2021 for PEHD pipes SDR17 and SDR11
- Pressure rating PN10
- Suitable for installation on:
 - PE pipes to ISO4427, DIN8072, DIN8074, EN12201 in SDR17 and SDR11
 - PVC pressure pipes to ISO1452-2, DIN8061/8062, ISO4422
- Performance tests according to DIN8076:2013, EN1221-3 and DVGW GW335-B3
- Drinking water certification WRAS
- EPDM gasket for potable water use
- Cutter in stainless steel grade 304 / A2
- Flat EPDM gasket for increased sealing surface and better load distribution on the pipe
- Anti-rotation system to prevent unintentional movement of the saddle on the pipe
